STYLISH

FUNCTIONAL

QUALITY

When you are seeking a contemporary stylish look for your home interiors, take a look at our Fashionline Roman Blinds selection. These beautiful Blinds offer a combination of soft fabric panels with a very functional operating system.

Fashionline Roman Blinds (also known as Roman Shades and Jamaican Blinds) are an ideal window covering solution for your home. Featuring superior operating systems to ensure years of trouble free use, Fashionline Roman Blinds are very durable and functional using quality cordlock, pulley and chain winder operations. Another fabulous feature is self-aligning cord guides that ensure your shades will raise and lower without skewing. Fabrics can be block-out or translucent creating a soft, filtered light effect whilst providing good levels of privacy. This gives you the ability for better light control which in turn can enhance the room ambience. Total block-out is ideal for sleeping areas or bright sun aspects while light filtering is often used in living spaces.

There are many exciting options and combinations of fabric colours, patterns, and textures available in the Fashionline Roman Blind range. Choose from the variety of styles these blinds bring such as popular 'Roman' and 'Jamaican' versions. The 'Jamaican' look features streamlined wooden battens on the front and rear of the fabric offering a very unique panelled design for today's living. The 'Roman' style offer a subtle but distinct fold line which retains the panelled look so unique to Roman Blinds.

Our Fashionline consultants are available to advise on the various ways in which Roman Blind window solutions may best suit your home and lifestyle.
